

## ITE

### Let G&M Compliance support your Compliance Certifications requirements for ITE – Information Technology Equipment!

Information Technology Equipment (ITE) is electrical/electronic equipment that inputs, stores, modifies, or outputs data. Typical examples of IT Equipment are servers, personal computers, office equipment, data storage devices, telecommunication equipment, display monitors, printers and various IT accessories.

G&M Compliance has many years of experience as well as industry knowledge in testing and certifying IT Equipment (ITE) for product safety and electromagnetic compatibility (EMC). We also excel at obtaining global certifications. We certify more ITE products than any other category.

Here are some of the ITE standards that we test and certify to:

#### *General Safety and EMC Standards:*

- UL 60950, CSA C22.2 No. 60950, EN 60950 (Safety Standards)
- IEC 60950 (CB Scheme)
- EN 55022 (European Conducted and Radiated Emissions)
- EN 55024 (European Immunity)
- FCC Part 15/22/24, Subpart B (Class A or B)
- GB 4943 (China Safety)
- GB 9254 (China EMC/EMI)
- GB 17625 (China Harmonic Current Emissions)
- NEBS GR-1089/GR-63
- National Deviations for Global Approvals

#### *Other Requirements:*

- RoHS (European Restrictions of Hazardous Substances)
- China RoHS
- WEEE (European Waste & Recycling Directive)
- Energy Efficiency Requirements

If you are looking for a compliance laboratory that can provide you with global certifications for your IT equipment, please visit our website or give us a call.
